Parks Foundation of Palm Beach County, Inc.

The Foundation is a 501 (c) (3), not-for-profit independent entity, governed by a Board of Directors. Its goal is to seek and secure opportunities to enhance park assets, programs, and specifically identified initiatives, but not to fill the Department's budgetary shortfalls. Led by a dedicated Board of Directors, themselves influential leaders within Palm Beach County, the Foundation will pursue stewardship and philanthropic opportunities for self-sustaining support.

Why have a Parks Foundation?

The benefits of parks and recreation are endless, while public funding for a quality park system is not. The Parks Foundation of Palm Beach County will exist because parks are a tangible reflection of the quality of life in our community, an important factor in how livable a community is. Parks provide inclusive places for residents and visitors to gather, share experiences, and build community bonds.
